LLM in International Law

The programme encourages and supports the development of independent thinking and research skills to prepare students for a career in international law or international organisations.

International law is an important discipline that provides the framework for cooperation in many fields of international relations, including:

- Peace and security
- Trade and investment
- Environmental protection
- Telecommunications
- Air travel
- Maritime navigation

How you will learn

- Weekly two-hour interactive seminars per semester for each subject
- Active participation in discussions and advance reading expected
- Classes may also involve lectures, class debates, individual presentations, or group exercises for example.
- No exams
- Courses use a range of take-home assessments (e.g. essays, reports) or in-class work (oral presentations, class participation).

Events and guest lectures

The **Edinburgh Centre for International and Global Law** is a dynamic and interdisciplinary intellectual space that addresses contemporary international and global questions through both fundamental research and practical policy engagement. It runs more than a dozen events annually, and brings in leading scholars from around the world to discuss contemporary issues in international and global law.
