Supervisors: reach out to them

- Talk to your supervisor early
(*choose carefully*)
- 2 or more academics*
(**MScR often 1 supervisor*)
- Guide and support your research
- Introduces you to
 - the field
 - colleagues
 - literature
- Sometimes help with funding
- Comment on your work

Why do a PhD / MScR?

- To follow your curiosity
- To do exciting things that few others do
- To contribute to 'knowledge'
- To work independently
- To continue living as a student?
- It's the first step towards an academic career

Why do a PhD / MScR?

Checklist

- ☐ Can I find funding?
- ☐ Have I found a supervisory team that fits?
- ☐ Is this a topic that I want to dedicate 3 (or more) years of my life to?
- ☐ Do I, in fact, enjoy working independently?
- ☐ Am I prepared for hard work (and some stress)?

Applying for a PGR degree in the School of GeoSciences

Agapi Styliandou, PGR Manager

THE UNIVERSITY
of EDINBURGH

EDINBURGH
extraordinary futures await

School of GeoSciences PGR Programmes

Phd Programmes	MScR Programmes
Geography (Human Geography and Environmental Studies)	Palaeontology and Geobiology
Atmospheric and Environmental Studies	GeoSciences (Individual Project)
Geology and Geophysics	GeoSciences (Individual Project – Taught Pathway)

You can find our PGR programmes, programme information (structure, eligibility criteria, application deadlines) and apply links on the University of Edinburgh's Postgraduate Degree finder webpage: <https://postgraduate.degrees.ed.ac.uk/>

Key Points BEFORE Applying

- Are you ready for independent research without courses to guide your progression?
- What is your research topic?
- Who is going to supervise you?
- How are you planning to fund your studies?

THE UNIVERSITY
of EDINBURGH

EDINBURGH
extraordinary futures await

Student-led Research Topic

- You write your own proposal
- You must identify and contact potential supervisors before applying
- You must read guidance on how to write a research proposal
- Applicable to all MScRs: Palaeontology & Geobiology, GeoSciences

Finding a Supervisor

You must contact supervisors directly

- Browse our staff list:
 - <https://geosciences.ed.ac.uk/people>
 - <https://geosciences.ed.ac.uk/people/teaching-research>
- Use the Edinburgh Research Explorer:
<https://www.research.ed.ac.uk/en/>
 - search by keywords to find academics involved in research that interests you
- Browse our website to read about the research that goes on in the School and see who conducts it:
 - <https://geosciences.ed.ac.uk/research/institutes-centres>

THE UNIVERSITY
of EDINBURGH

EDINBURGH
xtraordinary futures await

Supervisor-led Research Topic

- You apply for an advertised project
e.g. E5 DTP <https://e5-dtp.ed.ac.uk/>
PGVOW session 20 November (starts at 3.30)
closing date for applications: 14 December 2025
- Supervisors will already be named, you can contact them to discuss your suitability for the project
- Ensure you read the application guidelines provided
 - Incomplete applications are not considered
- PhD only

Funding

- Many different sources with many different processes (i.e. SGSSS DTP, EDCS)
- Carefully **read** and follow guidance provided
- Funding application often separate from PhD degree application
- Most funding is for PhD students
- UK loans available for MScR for UK students
- Application window: November to January
